

Agnes Parker... Girl in Progress

Eleven-year-old Agnes Parker has always been your everyday girl. But this year, Agnes is determined to become a whole new person. Maybe not a whole new person exactly, but just a better version of the girl she's always been. Someone who's not such an easy target for bullygirls like Peggy Neidermeyer. Someone who is as cool and confident as her best friend, Prejean. Will the new Agnes Parker make it through a school year filled with new glasses, broken arms, and a cute new boy in school?
