

Annie's War

Its 1946, and World War II has been over for nearly a year - but not for Annie Leigh Howard. Sent to recuperate from an appendectomy with her grandma in Walla Walla, Washington, Annie expects the usual carefree summer of movies, neighborhood parties, and gallons of ice cream. But instead she finds that her own war is just beginning. Soon after Annie arrives, Grandma takes in a new tenant, Gloria Jean Washington, a young black woman fleeing discrimination in the South. Gloria's warmth and kindness win Annie's devotion. But her presence brings out the worst in Annie's twenty-year-old uncle, who served in the war and came home bitter, angry, and looking for trouble. With grit, courage, and the help of her new friend Miss Gloria, Annie learns how to fight her own battles and how to deal with the hollowness of loss and the pain that often comes with change.
