

Childrens Book: The Dragon Who Couldnt Breathe Fire (funny bedtime story collection)

For young children, growing up can seem to take forever. But, like butterflies must first be caterpillars, becoming a big boy or girl doesnt happen overnight. In this funny rhyming story for children aged 3 to 7 years old, children will laugh at the illustrations and the extremes that our little dragon friend goes to, as he tries to breathe fire for the first time. After trying so hard with no luck at all, he meets a wise owl who tells him that his Mom has all the answers. This humorous story was created with the intention of helping young children to understand that life is magic. But, just like real magic, you never really know when it will happen!
