

## Math Basics (1, 2, 3 ... to Pre-Algebra)

A resource to help students that are struggling in higher math (e.g., Algebra). Includes Assessment Test to precisely identify the students weaknesses in basic math skills that are a pre-requisite for success in higher level math. Worksheets are provided to build skills in the identified basic math weakness areas. Covers basic math skills from elementary school through Pre-Algebra. Suitable for those struggling in math in college or high school.
