Read it FREE as part of your PRIME or Kindle UNLIMITED membership Grady Harp Top 100 Reviewer ***** Georgia author Joyce Mitchell devotes her writing skills to the field of childrens books but they have enough depth that adults can appreciate the lessons in aiding children to grow into strong adults, full of self confidence and self esteem and loving reading. This is her first in this series of Big Tales and in this book she employs I-Ahamed for her illustrations. The fun of this book is the rhyming pattern Mitchell creates. The story is simple and completely fun. The scene is the ocean where Big Wave is bragging about being the King of the Waves and points out his abilities to little wave - his ability to work day and night, to push boats to shore, to push surfers faster, to be the strongest of waves, to have the biggest smile, to help fishermen catch fish for food, pushing turtles to safety, to be the loudest of al the waves - but then Big Wave loses sight of Little Wave only to find Little wave with other little waves in a swimming pool, happy because he helped a lady scoop up a pearl in a bucket and saving a little boy from drowning. Big Wave pleads with Little Wave not to leave - that Little Wave can wear his crown, but for Little Wave, being best friends is enough. Mitchells writing is colorful, smart, raising the standard of writing for children stories and truly entertaining as well as being rich in childrens life lessons and appreciation for living happily in the moment.
***** Joyce Mitchell does

a great job telling an educational story about friendship. My kid loved it. BEING BEST FRIENDS IS ENOUGH!

***** Ms Mitchell finds the most amazing ways to share a lesson with Preschool age children. A talking wave who shelters and befriends a smaller wave. The excitement and how much waves take part in the day at the beach. An excellent read for children, especially those who love the ocean. *****
