

Meet the Twins Board Book

Being a twin means you have a friend with you all the time. Nobody knows this better than Tina and Lisa, the darling twin sisters who star in this sturdy, bright board book. Sharp color photographs of the twins in action show them growing from babies to toddlers-making faces, playing together or playing alone, sitting on their potty chairs, going for walks, and meeting another pair of twins. Twins are fascinating to children of all ages, yet there are few books on the subject. This one is an ideal introduction. Meet the Twins has an invitingly simple text perfect for repeated lap readings. A hand-painted color border and small watercolor spot illustrations add softness and appeal to the photos on every spread. Double babies fun with this sweet board book about what it means to share the world with someone who looks just like you.
