# Numerical Analysis and Applied Mathematics: International Conference on Numerical Analysis and Applied Mathematics 2008 (AIP Conference Proceedings / Mathematical and Statistical Physics)

All papers have been peer-reviewed. The aim of the International Conference of Numerical Analysis and Applied Mathematics (ICNAAM 2008) is to bring together leading scientists of the international Numerical & Applied Mathematics community and to attract original research papers of very high quality. The topics to be covered include (but are not limited to): All the research areas of Numerical Analysis and Computational Mathematics and all the research areas of Applied Mathematics.
