

## Patients With Mental Health Disorders Make Up 10% Of All North Carolina Emergency Department Visits (OPEN MINDS Weekly News Wire Book 2013)

Between 2008 and 2010, nearly 1 in 10 emergency department (ED) visits in North Carolina were made by patients with underlying mental health disorders. During the same period, the annual number of ED visits in the state increased from nearly 4.2 million to 4.4 million (5.1%), while ED visits by patients with mental health disorders increased from 347,806 to 409,276 (17.7%)...
