

## Its Hailing! (Whats the Weather? (Gareth Stevens))

Rain and snow can be fun, but hail can be downright dangerous! Big balls of ice falling from the clouds onto your head means its time to get inside. Colorful illustrated characters show early readers what hail is made from, and what to do when the sky gets dark and golf ball-sized hail starts to fall. Through accessible text, early readers will explore the sometimes-strange weather in the world around them.
