

Sic Semper Tyrannis ! - Volume 8: The Decline and Fall of Child Protective Services

Hes got money? I asked. How much? Chris replied, More than any guy weve ever known. And now that Ive told you, youll always wonder whether youre attracted to him, or just chasing him because hes rich. Its neither, and you know it - since youre clairvoyant, I baited him. Sure, Chris nodded, grinning, youre attracted to his paddle - and hes attracted to the idea of paddling you across your knickers. I ignored his remark, and asked, You say hes rich? Chris nodded, Uh-huh. I can tell you how much, to the pfennig. I asked, OK, how much? He shot back, Do you think Al would spank a millionaire? I replied, Hed probably charge for doing it. Id meant it as a joke, but Chris said earnestly, Look, Cissy, I know youre just joking - but it aint funny. Would you pay Bob to spank you? Or would you try to charge him for spanking you? OK, soothsayer, I answered, you know I wouldnt. I get the point - Im not a hooker, and hes not a customer. Bobs got to spank me because he thinks I need it, and because hes trying to make me a better kid. Not to worry, Chris replied, after you make your debut at the convention, every guy theres going to want to help Bob and Al train you.

Huh? I asked again, They are? Chris laughed, Sure; know how, you want a spanking so bad that youd let any guy there spank you, if he even pretended he was just trying to help? By that time, Chris had me off balance (mentally) and I agreed, Sure. Chris laughed, and rattled on, Thats the way all the guysll feel. Theyve always secretly wanted to spank a girl, and never before gotten a chance to. And youll be the only girl there. So, when they find out that your tails available - OK, Cissy - crude language - when they find out that youre willing, maybe eager - to get spanked - well, you could spend all week just getting spanked - and even if you do, each guy would only get one turn. I pretended to take Chris seriously, and asked hopefully,

Oh, really? Do you think I really could? Sic Semper Tyrannis is a memoir about a time, not so long past, when men were free, religious values were taken seriously, and parents were allowed to pass on the cultural heritage to their children without governmental interference. As David Selznick remarked concerning the Antebellum South, Look for it only in books, for it is no more than a dream remembered, a Civilization gone with the wind . . . This fictional account is the story of what might have been, had Christian parents possessed the courage of their convictions. It depicts the use of spanking and other types of physical correction, from the perspective of an adolescent boy. Twelve year old Billy Martin has been suddenly uprooted from the only home he knows, in liberal Stockholm, and sent to live with his eighteen year old brother, Bob, who has recently joined an ultra-conservative religious group in Idaho. Billy, a high-spirited youth, has been allowed to run at loose ends for his entire life, and has never experienced discipline of any kind. He now finds himself in a vastly different world. Bob immediately sets about bringing his kid brother into line, and giving him the Biblical discipline that he, and the other sect members, consider essential to proper child rearing. Billy strives to come to grips with the new reality. While the characters are wholly imaginary, the issues they confront are real, and threaten to undermine the very foundations of our civilization. This work does not contain any erotic material, but is a sobering assessment of today's child rearing practices in the United States and Western Europe. This is the eighth volume of a more extensive saga, which traces the course of Billy and his friends as they struggle through the years of adolescence. It should be required reading for every adolescent boy, his parents, and all those who seek to influence him.
