**Water resources - Food and Agriculture Organization of the United** Water Resources Data. APPENDIX 1. 139. FIGURE A1.1. Actual Renewable Water Resources per Capita, by Region. 0. 5. 10. 15. 20. 1,000 meters<sup>3</sup>/year. 25. 30.

**Images for Water resources data** Accurate and comprehensive water resource data are critical to planners and Major Water Resource Data Collection, Management and Distribution Programs. **Data Sets World Resources Institute** Dec 12, 2016 USGS conducts studies to analyze and interpret water-resources data for specific Federal requirements or to meet the needs of our **NC DEQ: Water Resources Data, Statistics and Maps** The Water Resources Data System (WRDS) is a clearinghouse of hydrological and climatological data for the State of Wyoming. WRDS is funded by the **Water Resources Database** Chris Nicholson. Director. Water Resources Data System & Wyoming State Climate Office University of Wyoming 1000 E. University Ave. Dept. 3943. Laramie **Water Resources: USGS Water Data Discovery** The Department provides several tools for accessing data related to managing Oregon's water resources. These tools attempt to provide both search capabilities **Water Resources Data - World Bank Group** Dec 15, 2016 Individual site data for a particular year, beginning in 2006. USGS Water Data for the Nation: Water-resources data collected at approximately 1.5 million sites in all U.S. States and Territories. Primary categories are Real-time Data, Site Information, Surface Water, Groundwater and Water Quality. **USGS Water Resources: Hydrologic Data Tips Data - California Department of Water Resources - State of California** Dec 6, 2016 Water resources data are published annually for use by engineers, scientists, managers, educators, and the general public. These archival **Chris Nicholson - Water Resources Data System - University of** The GWF supports the sharing of water data and its use in developing informed opinion. As such, this page links to resources containing freely accessible water Maps DEQ GIS Online (find online maps, apps, and downloadable data) **State Water Resources Control Board - Data and Databases** Water Resources Data System - Sitemap. Map-based retrieval of NWS and CoCoRaHS climate data Climate Division

Precipitation Charts and Data **Water Resources of the United States Annual Water Data Reports** Dec 7, 2016 The Water Resources Division of the U.S. Geological Survey, in cooperation with local and Federal agencies obtains a large amount of data **Water Resources Data Puerto Rico and the U.S. Virgin Islands** Dec 15, 2016 Statistics. USGS water data and statistics are used by other agencies to estimate future conditions and to assess risks such as flooding and drought. Planners and engineers use USGS water data, statistics, and other data for design of systems for water supply, flood control, environmental protection, and recreation. **Sitemap - Water Resources Data System** To help meet those demands, the Water Resources Data System (WRDS) at the University of Wyoming provides both hydrological and climatological information **Water Resources Department Tools and Data - State of Oregon** In 1993, the Georgia Environmental Protection Division (EPD) initiated design of the Water Resources Database (WRDB) to address the imposing data **Wyoming Shares Water Resources Data - ArcNews Winter 2009** The Water Boards Surface Water Ambient Monitoring Program (SWAMP) is hosting the 2nd Annual Water Quality Health Indicator and Data Science **B. Water Resources Data Development, Collection and Management** National Water Information System: Web Interface USGS Water Resources. Data Category: USGS Current Water Data for the Nation. --- Predefined displays **Water Resources Department Oregon Surface Water Resources** Oct 23, 2012 DWR has many programs and data tools to collect and disseminate information on water resources. All Water Data Topics **Water Resources Data System Database** The Water Resources Permits Data Viewer tool reflects overnight updates posted to the consolidated state database of Water Resources permits. Information in **Annual Water Data Report - USGS North Carolina Water Science** The Colorado Division of Water Resources (CDWR) provides a wide range of water related research tools that are available online free of charge. These enable **Data Search - Colorado Division of Water Resources** Agroclimatic Data, San Joaquin Valley in California, Bulletin 69-95 IRWM Water Quality Monitoring Integrated Water Resources Information System (IWRIS) **USGS Current Water Data for the Nation** Nov 21, 2016 Annual Water Data Reports. Water Resources Data reports were published annually for many decades for use by engineers, scientists, **Water Data Library Home - California Department of Water Resources** Oregon Surface Water Supply Index - (opens in new window) The Natural Resources Conservation Service provides maps and data detailing the surface water **Water Resources Data System** The Aqueduct Water Stress Projections Data include indicators of change in water supply, water demand, water stress, and seasonal variability, projected for the **Water Resources Maps and GIS Data - USGS Water Resources** The term Water resources used in AQUASTAT for total water flow statistics Based on available data, the only study that AQUASTAT was able to conduct so **Global Water Forum Data and Tools** Sites with real-time or recent surface-water, groundwater, or water-quality data. These pages provide access to water-resources data collected at **USGS Water Data for the Nation Water** - Aug 13, 2014 Access to Hydrologic Data for California. a map such as the name of a city, park, landmark, lake, water feature, or zip code within California. **All Data Topics - California Department of Water Resources - State** Water Resources Data System Database. WRDS Water Quality Database Select a Query Method. Geographic Coordinates. Latitude/Longitude - Rectangular
